

# Le Temps dans les pays francophone

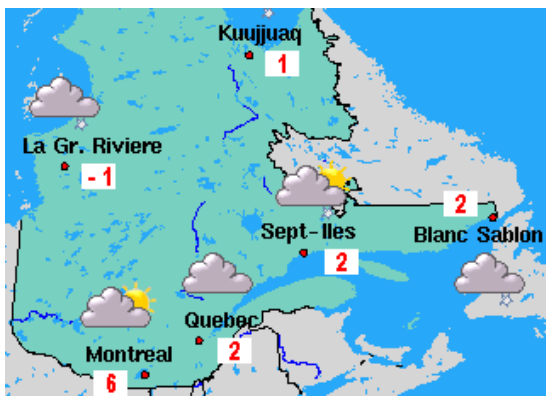

## La France

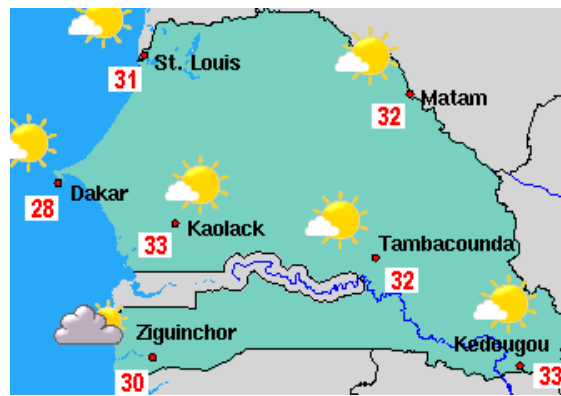

## La Suisse

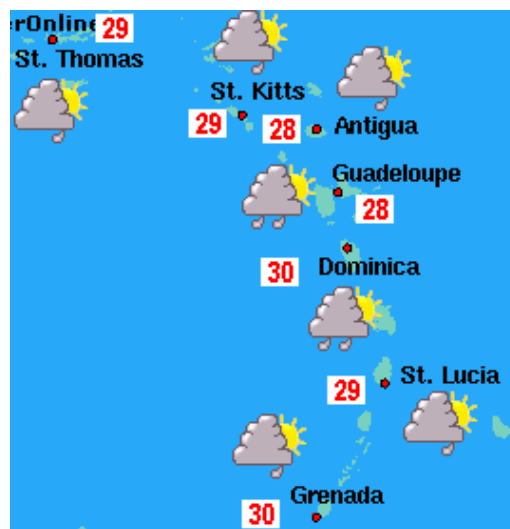

## Le Québec

## Le Sénégal

## Les Antilles

# Le Temps

Using the weather maps provided, answer the following questions (in French when available).

Helpful tip: The formula for converting Celsius to Farenheit is:

Multiply by  $9/5$  (1.8 for those without a cool calculator), add 32.

La Ville	Le temps (en français)	Degrès Celsius	Degrès Farenheit
Marseille			
Kaolack			
Genève			
La Grande Rivière			
Guadeloupe			
St. Moritz			
Québec			
Paris
